*RECORD OF IMPROVING
QUALITY, COST, & SCHEDULE
ACROSS THE MARITIME
INDUSTRY*

We provide rapid, specialized support to **shipbuilders**, **suppliers**, and **customers** across both defense and commercial maritime sectors.

Our **fly-away team** leverages deep industry skills, knowledge, and ability to mobilize quickly to address **common industry challenges**, such as:

- Operations Processes**
- Supply Chain Disruptions**
- Program Management**
- Workforce Shortages**
- Supervision Readiness**

With decades of shipbuilding expertise, we can help tackle the toughest industry challenges by **optimizing quality, reducing costs, and driving schedule improvements**—maximizing **return on investment**.

***Because the Demand
for Better Performance
Never Stops***

**COMMON
CHALLENGES
ENCOUNTERED & ADDRESSED**

- Tribal Operational Processes
- Material Availability and Conveyance
- Outdated Training Programs
- Information Exchange Times
- Excessive Operational and Maintenance Downtime
- Ineffective Resources Utilization
- Lack of Performance Metrics
- Inadequate Funding to Support Long Term CAPEX Plans
- Delayed and Inaccurate Forecasting
- Non-Destructive Testing (NDT) Inspection Bottleneck

“SECRET SAUCE”
PEOPLE ● REACH ● KNOWLEDGE

Boots-on-the-ground experience, backed by a dedicated support team that ensures seamless project execution.

Our team includes retired Navy officers who understand the intricacies of ship requirements, alongside industry leaders in manufacturing, project management, and supply chain.

We don't just advise—we embed ourselves in the process, working alongside shipbuilders and their suppliers to **drive efficiency, innovation, and results**.
